## ***Out and about***

In spite of much perturbation in the calendar caused by bedroom renovation at 33 Westbourne, and the great festival of Easter, some brilliant practice sessions were held. Musician Catherine Williams joined a couple of sessions and we hope her career as a music teacher will bring her back into contact.

Catherine rang her first handbell quarter of Major with us, and her participation enabled a valuable session on 12 bells.

Congratulations to Karen Lane on achieving 150 quarters on handbells.

## ***Staying in***

### ***The Website v10.64***

The Stedman page has a set of progressive touches, lengths varying from just short of a Plain Course, up to a quarter peal. Each touch has a link to Complib so you can see the handbell positions and double blue lines with minimum effort (but buy Graham John a beer if ever you meet him).
