

## Hull Handbells Project

### Promoting Double-handed change ringing throughout the East Yorkshire Region

Text of the e-mail sent following the May Bank Holiday, 2019:

Hi folks,

Does anyone have a suggestion for a collective noun for handbell change ringers?

Thank you for the good spirited handbell ringing this weekend. We are just past the 3<sup>rd</sup> birthday of the Hull Handbells Project, doesn't time fly when you're having fun? Progress seems at times to be slow and other times you make progress without seeming to do very much. Such has been my feeling over the last month. We progress! 😊.

In the last four days, six quarters, 4 of Bob Minor, one of Bob Major, and one of Kent TB Major.

The footnotes on the Major are impressive, 2 x first of Major in hand, first of Major in hand as conductor, first of Treble Bob Major in hand. Well done each of you, I am well aware of just how much effort is hidden behind those achievements.

The Bob Minor is actually just as valuable, it's the bedrock of handbell ringing, and always worth doing.

What else from the weekend? A lot of valuable practise on Kent TB Minor for Chris Church, Lesley Davies and Karen Lane, and a little bit of rust polished off Kent for John Atkinson as well. Some changes (Plain Hunting) on 10 for Jenny, Karen, Neil and Chris (C), and stonking progress by Bill Lennox on Plain Bob Minor now ringing touches on an inside pair.

We're looking for a return to full health of the Barrow on Humber handbell exponents, they have all been a bit under the weather including Oscar. We will then slot in a quarter or two for Pat, and the ringing on 10 bells that

was postponed, as well as the Bob Major for Chris (C).

If you want to check the details and / or hit the "like" button, herewith:

Plain Bob Minor (Melton Ross):

Plain Bob Minor

(Weighton): <https://bb.ringingworld.co.uk/view.php?id=1284529>

Thanks for reading.

Yorkshire Surprise Major and Plain Bob Royal are still on the radar for this year via the stepping stones of Kent TB and Oxford TB Minor and Major.

Kind regards

Peter
