# Hull Handbells Project <br> Promoting Double Handed Change Ringing throughout East Yorkshire 

## Ringing touches of Plain Bob Major

## Bobs and Singles.

Bobs and Singles in Plain Bob Major are made exactly as they are in Plain Bob Minor. For a bob, change 12 at the lead end to 1-4, and for a single change 12 into 1234.

However, the problem with ringing the calls in Plain Bob Major is the extra 2 bells and their places.

## Ringing 1-2.

The impact on 1-2 is identical with Plain Bob Minor, run in, run out, make places as necessary.

## Ringing 7-8.

The impact on 7-8 is minimal.
There will be bobs "Before" which come at the end of the parted lead, the Before makes the tenor run out, the $7^{\text {th }}$ to run in, and the parted lead is repeated. This can happen more than once in a course which is why bobs before are normally given as a number.

Occasionally bobs are called 5ths / 4ths, whence 7 makes a bob as tenor dodges 5-6 up, the bells touch in 4-5 and ring opposites for 1 lead, tenor makes the next bob, they touch in 4-5 at handstroke and become 4ths and 6ths place bells at backstroke, they are then coursing down, and dodge in parallel 5-6 \& 7-8 down next lead end.

Touch 4, below, is an example of this.

## Ringing 3-4 and 5-6.

If you have two bells affected by the call then the impact is exactly as in Plain Bob Minor.

| Place | Place | Hunting | Next Work | Pair |
| :--- | :--- | :--- | :--- | :--- |
| 2nds | 3rds | 2-3 pattern | 2nds, 3-4 Down | Coursing |
| 2nds | 4ths | Coursing | Parallel <br> 3-4 \& 5-6 Down | Coursing |
| 3rds | 4ths | 3-4 pattern | 2nds \& 5-6 Down | 3-4 |

If you have one bell affected by the call and one unaffected, the ringing is more difficult, there are 12 possible outcomes to be ready for:

The affected bell will be in one of 2 nds, 3 rds, or 4 ths places
The unaffected bell will be in one of 5ths, 6ths, 7ths, or 8ths places.

Hull Handbells Project
Promoting Double Handed Change Ringing throughout East Yorkshire
$\left.\begin{array}{|l|l|l|l|l|}\hline \text { Affected } & \text { Unaffected } & \text { Hunting } & \text { Next work } & \text { Pair } \\ \hline \text { 2nds } & \text { 5-6 Up, 5ths } & \text { 3-4 pattern } & \begin{array}{l}\text { Dodge together } \\ \text { in 3-4 }\end{array} & 3-4 \\ \hline \text { 2nds } & \text { 5-6 Down, 6ths } & \text { 2-3 pattern } & \begin{array}{l}\text { Parallel } \\ 3-4 ~ \& ~ 7-8 ~ D o w n ~\end{array} & 3-4 \\ \hline \text { 2nds } & \text { 7-8 Up, 7ths } & \text { Opposites } & \begin{array}{l}\text { Scissors together } \\ 3-4 ~ D o w n ~ 5-6 ~ U p ~\end{array}\end{array}\right]$ 5-6

Whilst it is important to study the above table, and be as ready as possible, it important also to recognise that brains get tired, and pulling the correct instructions out of memory in the instant a call is made occasionally is not possible.

At that point, concentrate solely on getting both bells into the correct place at back stroke. Then pick up the direction of hunting for the pair after the backstroke of the treble's lead, noting even placed bells go in, odd placed bells go out.

Two even places, hunt in in parallel.
Two odd places hunt out in parallel.
Even and odd (in that order) places hunt apart.
Odd and even (in that order) hunt towards each other.
Relax into the hunting pattern, watch the treble like a hawk, and be ready to dodge.

## Ringing touches of Plain Bob Major

The tenor is used most commonly as the observation bell for Plain Bob Major, and the calling positions relate to the tenor's cycle of work, viz:

| Lead End Work | Title | Symbol |
| :--- | :--- | :---: |
| $7-8$ Up | Wrong | W |
| 5-6 Up | Fifths | V |
| 3-4 Up | Fourths | F |
| 2nds | Before | B |
| 3-4 Down | In | I |
| 5-6 Down | Middle | M |
| 7-8 Down | Home | H |

1
224 Plain Bob Major, 3 callings

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| S |  |  |  |  |  |  | 53426 | 23546 | 112 |
| S |  |  |  |  |  |  | 23456 | 53246 | 112 |
|  |  |  |  |  |  |  |  |  | Total |

Abel code: SW SW. Only pairs 1-2 and 5-6 are affected.

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  | S |  | 63452 | 53642 | 112 |
|  |  |  |  | S |  | 23456 | 53246 | 112 |  |
|  |  |  |  |  |  |  |  | Total | 224 |

Abel code: SM SM. Only pairs 1-2 and 5-6 are affected.

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  | S | 24356 | 54236 | 112 |
|  |  |  |  |  | S | 23456 | 53246 | 112 |  |
|  |  |  |  |  |  |  |  |  | Total |

Abel code: SH SH. Only bells 3 and 4 are affected,

Combinations giving 336 or 448 changes:
For 336 Plain Bob Major: combine SSW with SSM, or combine SSM with SSH, or combine SSW with SSH.

For 448 Plain Bob Major, combine all three callings in sequence: SSW, SSM, SSH.
What value is there in these very simple touches? - That depends on the band. But if the experience level is low, the more ringing the better, especially with the coursing order disrupted.

336 Plain Bob Major - Three Homes

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  |  |  |  | - | 42356 | 52436 | 112 |
|  |  |  |  |  | - | 34256 | 54326 | 112 |  |
|  |  |  |  |  | - | 23456 | 53246 | 112 |  |
|  |  |  |  |  |  |  |  | Total | 336 |

Abel Code: H H H . 5-6 and 7-8 are unaffected,
3-4 pair rings one course in 3-4 pattern and 2 courses of coursing pattern.

4
160 Plain Bob Major

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| - | - | - |  |  | - | S | 42356 | 52436 | 80 |
| - | - | - |  |  | - | S | 23456 | 53246 | 80 |
|  |  |  |  |  |  |  |  | Total | 160 |

Abel Code: 2 ( W 546 SH ), all pairs are affected by the calls.

5
240 Plain Bob Major

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| - |  |  |  |  | - |  | 42635 | 32465 | 112 |
|  |  |  | - |  |  |  | 23456 | 53246 | 128 |
|  |  |  |  |  |  |  |  | Total | 240 |

Abell Code: W 6 3. Bell 5 makes each of the three bobs.

240 Plain Bob Major

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
|  |  |  | - |  |  |  | 35264 | 65324 | 128 |
| - |  |  |  |  | - |  | 23456 | 53246 | 112 |
|  |  |  |  |  |  |  |  | Total | 240 |

Bells 6 makes each of the three bobs.
Touches where either 5 or 6 make three consecutive bobs often form the kernel of quarter peal lengths and then peals, see compositions 10, 11 and 12 below.

| W | V | F | B | I | M | H | 23456 | 53246 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| - |  |  |  |  |  | - | 45236 | 35426 |
|  |  |  |  |  |  | - | 23456 | 53246 |

Abel code: 2 ( W H ). 7-8 are unaffected.
This is a standard calling for Plain Bob Minor applied to Plain Bob Major. The extensions used in minor also apply, viz:

672 Plain Bob Major

Abel Code: 3 ( W H W ). Bells 2, 3, 4, 5 are affected.
1344 Plain Bob Major

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| - |  |  |  |  |  | - | 45236 | 35426 | 112 |
| - |  |  |  |  |  |  | 34256 | 54326 | 112 |
| - |  |  |  |  |  | - | 25346 | 45236 | 112 |
| - |  |  |  |  |  |  | 42356 | 52436 | 112 |
| - |  |  |  |  |  | - | 35426 | 25346 | 112 |
| - |  |  |  |  | S | 34256 | 54236 | 112 |  |
|  |  | Repeat |  |  | Total |  | $2 \times 672$ |  |  |

Abel Code: 2 \{ 3 ( W H W ) SH ).
This is the standard calling for 720 Plain Bob Minor, the coursing order changes will probably be familiar to an experienced 6 bell band. Whilst the calling pattern may be familiar, the ringing demands for both 3-4 and 5-6 are significant and the touch is 80 changes longer than needed for a Quarter Peal.

1360 Plain Bob Major, contributed by CLD Munday

| W | V | F | B | I | M | H | 23456 | 53246 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |

| - |  |  | $--S$ |  | 23654 | 43265 | 336 |  |
|  |  | 1 |  | - | 23456 | 53246 | 128 |  |
|  |  |  |  |  |  | Total |  | 1264 |

Abel code: H SH W 66 S6 3 SH H W 66 S6 3 H
After the first Bob Home, 3-4 are coursing until the end of the quarter peal.
See https://complib.org/composition/10500 for an analysis.

1264 / 5056 Plain Bob Major by C Kenneth Lewis

| W | V | F | B | I | M | H | 23456 | 53246 | Rows |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
| - |  |  | 1 |  |  | - | 52364 | 62534 | 128 |
| S |  |  |  |  |  | - | 36254 | 56324 | 112 |
|  |  |  |  |  | 3 | - | 23654 | 53264 | 336 |
| - |  |  |  |  | S |  | 42635 | 32465 | 112 |
| 3 |  |  | 1 |  |  | 3 | 23456 | 53246 | 576 |
|  |  |  |  |  |  | Total |  | 1264 |  |

Abel code: W 3 H SW H 666 H W S6 W W W 3 H H H
For 5056 this becomes a 4-part composition, viz:
Call $S$ for $1^{\text {st }}$ call at Wrong in parts 1 and 3
Omit SW in $2^{\text {nd }}$ course in all parts.
This composition is well balanced for the work of the pairs 3-4 and 5-6.
See https://complib.org/composition/10787 for an analysis.
[End]
