

THE HULL HANDBELLS PROJECT

Promoting double-handed change ringing throughout the East Yorkshire region.

Newsletter Number 50, December 1st, 2020.

The good news.

Persistence is a valuable asset. As soon as lockdown was eased, the West of Weighton (WOW?) handbell group met weekly and the results show how much progress they made in a short period.

Persistence can have a lighter side as well, the last Tuesday morning practise session was marked by Neil Turner trying to calibrate a new pair of dummy handbells! At one point the 3 could be relied on to ring anywhere between 2nds place and 5ths. So we stuttered through Bob Major.

Kent TB Minor without Neil also demanded persistence as Chris got her chair, headphones, controller wires and computer "all taffled up". Eventually we settled for a course of Kent Minor and a cup of coffee. The afternoon quarter peal should have been a given; a contributory factor being the placement of the Ringing Room Window on the screen for one ringer (me) possible 1.5cm too high!

Oh it will be so enjoyable to ring physical bells with real people once more!
