Older but no wiser in Hull

Our first session in the month included some solid work on Plain Bob Major as well as a couple of courses of Kent. We welcomed a holidays visit by Gwynneth Moffat for that session.

Stalwart Hilary Barclay travelled all the way from Rawcliffe and back just to ring some Plain Bob Major and Minor. A great example of commitment.

Barrow / Melton Ross.

We met for a peal attempt of Plain Bob Major in mid Feb. Unfortunately it was not to be and we had to settle for a quarter peal, see above.

Market Weighton / South Cave

Karen Lane from Market Weighton conducted her first quarter peal, Plain Bob Doubles at All Saints. "The handbell ringing really helped me" was the comment she made. Thanks Karen.

Rawcliffe

Churchy's challenge.

Rebecca Legowski is learning well but needed to put bellringing on hold for a few weeks. Her family had become in need of TLC, and as with us all, Family comes First.

Regional Handbells Day No 7.

ART LtR – Handbells

Pat Donnelly was the first person in the area to sign up for the scheme shortly followed by **Ros Baxter**. The structure is much akin to towerbell ringing and a personal progress logbook is available from ART.

If anyone else adopts the scheme I would be delighted to be of assistance with their progress.

News from afar

2018:

Meetings are now organised via e-mail rather than through the website. If this causes any issues please let me know.

With recent changes in data protection legislation I will be needing to ask you to confirm that you are happy to be included in my mailing list.

Saturday April 28th:

Regional Handbells day No 7.

The current plan is to ring some quarter peals as well as have some "on the edge of ability" general practice ringing. Some people have already got their names down for quarter peals, if you would like to take part, please drop me a note.
